The online meeting of "Easy Energy" project partners

28th of June an online meeting of the Easy Energy project partners took place on the "Zoom" platform. The meeting was initiated by the main partner of the project - Hanse Parliament. Representatives of 12 project partners from 7 countries participated in the remote meeting: Denmark (Vesthimmerlands municipality), Estonia (Estonian Chamber of Commerce and Crafts and Tartu Regional Energy Agency), Latvia (Latvian Chamber of Commerce and Crafts and Riga Planning Region), Lithuania (Panevėžys Chamber of Commerce and Crafts Chamber and Panevėžys District Municipality), Poland (Pomeranian Chamber of Commerce and Crafts and Otulina Association), Finland (Satakunta University of Applied Sciences) and Germany (ZEBAU - Energy, Construction, Architecture and Environment Center and Hanse Parliament).

During the online meeting, each project partner shared their experience on how successfully collect and describe energy solutions applied in the areas of building insulation, heating, ventilation systems and electricity saving. Also, the implementation of further project activities and administrative nuances of the project were discussed.

The representatives of the Panevėžys district municipality presented that they have currently collected and described about 10 different energy-saving solutions that are applied in Panevėžys district apartment buildings, public buildings and other public spaces.

The next remote meeting is scheduled to be organized in September, 2024. A face-to-face meeting of the project partners is planned at the end October in Panevėžys.

More information about the Easy energy project is available on the website: <https://interreg-baltic.eu/project/easy-energy/>

The Easy Energy project co-funded by the Interreg Baltic Sea Region Programme 2021-2027 helps drive the Energy Transition.
