Meeting of Lithuanian partners of the project “Easy energy”

On January 14, 2026, the Lithuanian partners of the Easy Energy project (hereinafter referred to as the Project) – members of the implementation working group of the Panevėžys District Municipality Administration – met with the Project implementation working group of the Panevėžys Chamber of Commerce, Industry and Crafts to discuss further project activities and the jointly organized event for the dissemination of good practices "Easy Energy. Success Stories," which is planned on April 22, 2026.

During the event, the activities of the ongoing project will be presented, participants will share their success stories, the institutions that have implemented the most solutions will be awarded and guest speakers will present their experiences in implementing energy-saving solutions and activities that contribute to increasing energy efficiency, changing people's behavior and habits, and ensuring the sustainable and rational use of resources.
